

First Pediatric Meeting of
Saint Georges Hospital –
Ajaltoun
In the Art of Clinical
Pediatrics

Saturday 09 June 2018

Dear Colleagues,

Vincent VAN GOGH said: "Your profession is not what brings home your weekly paycheck, your profession is what you're put here on earth to do, with such passion and such intensity that it becomes spiritual in calling".

Dear friends and colleagues, this is exactly what pediatrics is all about.

Starting a career and being a pediatrician is a huge accomplishment. Often though, you might find yourself stressed and worried about what tomorrow will bring. Pediatrics is a profession where you need to remember the joy in everything you do. If you can remember that, your life will surely be a little bit easier.

Why are we all proud to be pediatricians:

- Getting a child to laugh is one of the most rewarding things you'll ever experience.
- Pediatrician understands that no matter who the child is, they are unique and special.
- As a pediatrician you know that every day you will touch a life or a life will touch yours.

- Being a pediatrician is more than a job, it's a way of life.
- To do what nobody else will do, a way that nobody else can do, in spite of everything, is to be a pediatrician.
- Save one child's life and you are a hero, save many children's lives and you're a pediatrician!
- Caring for one person . . . that's called love. Caring for hundreds . . . that's called pediatrics.
- And much more ...

Dear friends, children are not just small adults. They have their own way of being and their own way of communicating. And they unfortunately have too their own diseases and in consequence, their own medicine from diagnosis all the way to management.

These are tiny humans. These are children, they believe in magic, they play pretend, and they cross their fingers and they make wishes and that makes them more resilient than adults.

They recover faster, survive worse.

They believe.

In pediatrics, we have miracles and magic, and in pediatrics anything is possible.

So, let's enjoy together this first meeting of Saint George Hospital - Ajaltoun, let's share our experiences in the art of clinical pediatrics.

The president of the scientific committee
Dr Ziad Bassil

Organizing Committee:

President: Dr Antoine Farah
Dr Mansour Hojaili
Dr Joseph Ghanem
Dr Ziad Bassil

Scientific Committee:

President: Dr Ziad Bassil
Dr Mansour Hojaili
Dr Joseph Ghanem

International Speaker:

Pr Marc Benninga

Speakers:

Dr Charles Chater
Pr Ghassan Dbaibo
Pr Simon Rassi
Dr Antoine Farah

Moderators:

Dr Mansour Hojaili
Dr Elias Rached

Dr Naji Doumit
Dr Joseph Ghanem
Dr Neyla Sfeir
Dr Walid Bejjani
Dr Dina Helou
Dr Antoine Aoudé
Dr Marie-Claude Khalifé
Dr Ziad Bassil
Dr Maria Karam
Dr Maroun Sokhn
Dr Bassem Bou Merhi
Dr Naïm Bassil

Platinum Sponsor: NOVALAC

Gold Sponsor: Pfizer

Silver Partners:

- MSD
- General Pharma
- Mustella

Our Partners:

- Fresh Pharma
- Julphar
- Hikma
- Sphephal
- Sanofi
- Engelhard

The Agenda of the day

1:30 - 2:00	Free Registration and Stands Visit
